

# *Marrying Toltec Wisdom and Shamanic Astrology*

*Journey to Teotihuacan, Mexico April 14-19th, 2016 with*

*Shelley Tatelbaum and Cayelin Castell*

Teo is a magical place, expanding our doors of perception in ways that are life changing and empowering. Guided by the mysteries of, As Above So Below, we will connect with the magical timing of Venus and Mars to reveal the intent of our personal journey with the divine feminine and divine masculine. Our beliefs create our reality and create the limitations in our lives. Teo is the place where humans reclaim their divinity and use the light and energy in this sacred place to illuminate this truth. Here we consciously create and participate in our own soul growth and purpose by dissolving the myths, beliefs, thoughts and patterns which keep us suffering. Taking a power journey is an opportunity to experience another way of perceiving and seeing our lives differently and delighting in our beloved self through the inner sacred marriage as we increase our ability to make ever more conscious choices inspired by love.
